

# Luma Connections #11: Getting to Know Your Learners

## Teaching Tool: Discussion Board

This is an online tool that allows learners to interact with each other to explore a topic and to discuss key concepts and concepts, share experiences, interact with each other, and to ask questions. Interactions are not in real-time and can be mentor-learner and learner-to-learner.

**Tip: Be sure to take the time to really know your learners**

How many things can you recall about your learners? Do you really know them, their backgrounds, and their interests? Do you know how they prefer to learn? It will be difficult to truly create a community without really understanding the individuals who are participating in it.

We want to build a community of learners. Pick one of the prompts to respond to with our community.

### Prompt 1

Tell us about a time that you had a great learning experience. What made that experience so memorable?

### Prompt 2

Write a letter to your younger self. Be sure to include several lessons that you wish you learned back then.

### Prompt 3

Tell us about your favorite pastime hobbies and why you enjoy them.
