

## Luma Connections #19: Passion Posts

### Teaching Tool: Discussion Board

This is an online tool that allows learners to interact with each other to explore a topic and to discuss key concepts and concepts, share experiences, interact with each other, and to ask questions. Interactions are not in real-time and can be mentor-learner and learner-to-learner.

### Tip: Passion Posts

These types of discussions really get at the heart of learners' passions. When people are passionate about something they will talk a lot about it. If you want learners to connect, give them a space to discuss their passions. Here are some potential questions you could use.

*If you had unlimited time, what would you spend your time doing?*

*What do you love to do?*

*What do you care a lot about?*

*If you could write a book, what would it be about?*
